Taxed to The Utmost!

During the last week our facilities for handling trade were indeed taxed to the utmost. We never were so busy before. Crowds of eager buyers daily thronged our store, while many of our competitors were com-plaining of dull trade. This shows what liberal methods, good goods and GENUINE BARGAINS will do. We have room to mention but a few of

DOES HE MEAN FUSION?

Glick Says the Democrats Mean to Help the Populists.

SPEAKS IN RIDDLES.

Says the Populists Are Sure to Win, But That the Democrats Will Run a "Straight Democratic Ticket."

Pension Agent George W. Glick, the only Democratic governor the state of Kansas ever had, is just as much of a Democrat as he ever was and is just as much interested as ever in defeating the Republican party.

To a STATE JOURNAL reporter Governor Glick said: "I have not been taking as active an interest in the election of delegates to the state convention as I some times have, but I believe the convention will do the right thing."
"Will a straight ticket be nominated?"

"Yes, a Democratic ticket will be placed in nomination."

"Do you consider any of the candidates nominated on the Populist ticket as Democrats, and available for places on the ticket to be nominated next week?" "Oh yes; there are several Democrats on the Populist ticket. There is Van Prather; he is just as much of a Democrat as he ever was; and then there is J W. Amis and George Clark, they are

both good Democrats, and are men that any Democrat could support."

"Will the fact that George Clark announced himself as standing on the Populist platform, including the suffrage plank, affect his chances for a place on the Democratic ticket?"

"Nor that won't make any more differ.

"No; that won't make any more difference than it makes in Major Morrill's going around among the women saying that he is a suffragist, when as a matter of fact everybody knows he is just trying to get votes. By the way I have it from a reliable source that the wife of the head of the Republican ticket is opposed to the adoption of the suffrage amendment. A lady from Hiawatha who is a personal friend of Mrs. Morrill's was in Atchison a few days ago and she said Mrs. Morrill is opposed to suffrage,

"The ticket nominated will be a straight ticket both before and offer also.

straight ticket both before and after election, but we are going to make a campaign which will defeat the Republican

party.
"We are going to expose the fallacy of the position of the Republicans on the tariff and financial systems which has resulted in the country being almost ruined. Then we will expose their hypocrisy on the prohibition question. We will refer to the New Zealand letter signed by Hudson and Troutman telling what a success prohibition is and at the same time call attention to what the Topeka preachers say about the enforcement of the law. We will tell about the cowardice on the question of prohibition and suf-frage; how they did not put either ques-tion in their platform, but put the chief representatives of both movements at the head of their ticket.

"The Populists are going to win in this campaign, and that is sure, although this is going to be one of the vilest campaigns we have ever seen in Kansas, "I understand the Republicans are already loaded, and are just waiting for

an opportunity to fire off their guns, and they wont have long to wait for the opportunity."

Governor Glick gave the impression that he is in favor of the Democrats rendering the Populists all the assistance possible, whether it be to put a ticket in the field or simply endorse the ticket already nominated.

LEAVES THE POPULISTS.

The Populist Ex-Candidate for Sheriff Can't Stand the Machine.

A. B. Webber, who was a candidate for sheriff on the Populist county ticket last year, has written a letter to the county central committee resigning his place on the committee. The letter is as follows: Gentlemen of the Committee of the People's Party in Shawnee County:

I am a Populist and fully endorse the People's party platform, adopted at Oma-ha, July 4, 1892. I have no use for polinice, clean, fresh stock of groceries and | tical hypocrites of any party, nor for any organization which works with them. I am opposed to machine politics and op-posed to political bosses and professional lash drivers. I am opposed to political fraud and dead beats, and to the fraud and corruption their reign always inaugurates. I do not endorse the methods employed by the corrupt men who engineered the county and state conventions sas have been denied the right of having such conventions as are guaranteed to them by the Omaha platform and in line with the spirit of that platform, and since you, gentlemen of this committee, seem disposed to depart from the spirit of the Omaha platform, endorse corrupt methods and shelter and protect corrupt men. and all in the name of reform, therefore as a Populist, I must respectfully resign my position on your committee, and ask you to accept it immediately.

Very respectfully, A. B. WEBBER.
